Local action groups Lääne-Harju Koostöökogu, Ida-Harju Koostöökoda, MAS Vyhličky z.s. and Valladolid Norte agree to implement together preparatory actions with a goal to expand concept Living Museums/Museos Vivos to Estonia.

The objectives of the concept of Living Museums are:

- 1) To create networks of museums and visiting centres
- 2) To share experience and best practice between museums and visiting centres in regions and transnationally

- 3) To create a digital platform and install equipment in order to allow museums to be open without the presence of physical personnel
- 4) Marketing of the project and participating museums/visiting centres

Preparatory actions will include:

Action	Proposed time	Expected result
Study trip of Estonian LAGs to Spain	2020 autumn	Harju county museums and visiting centres are familiar with the concept of Living Museums/Museos Vivos in Spain, museums have created contacts and learned from best practices both nationally and transnationally
Study trip of Estonian LAGs to Czech	2021 spring	Harju county museums and visiting centres are familiar with the concept of Living Museums/Museos Vivos in Czech, museums have created contacts and learned from best practices both nationally and transnationally
Meeting of Eastern and Western Harju LAGs, museums and visiting centres	2021 spring/summer	LAGs, museums and visiting centres of Harju county are familiar with each other, share common vision and goals
Negotiations/discussions with national and transnational partners	2020 autumn to 2021 summer	Project partners have agreed how to implement the concept of Living Museums/Museos Vivos in Estonia
Expanding the concept of Living Museums/Museos Vivos to Estonia	2021-2022	Concept of Living Museums/Museos Vivos will be expanded to Estonia and participation in the TNC project "Living Museums +" will be attempted
